

MALHAR HAVELI

A Heritage Haveli with all modern comforts

Conveniently located in the beautiful green environs near the Golf Course in Noida —Malhar is an experience that brings back memories of a bygone era of sprawling mansions of Indian Lords. Its verandahs illuminated with vintage glass lanterns, exquisitely carved doors & swings, colonial furniture and a fascinating collection of works of art —everything reflects a connoisseur's eye for the exquisite.

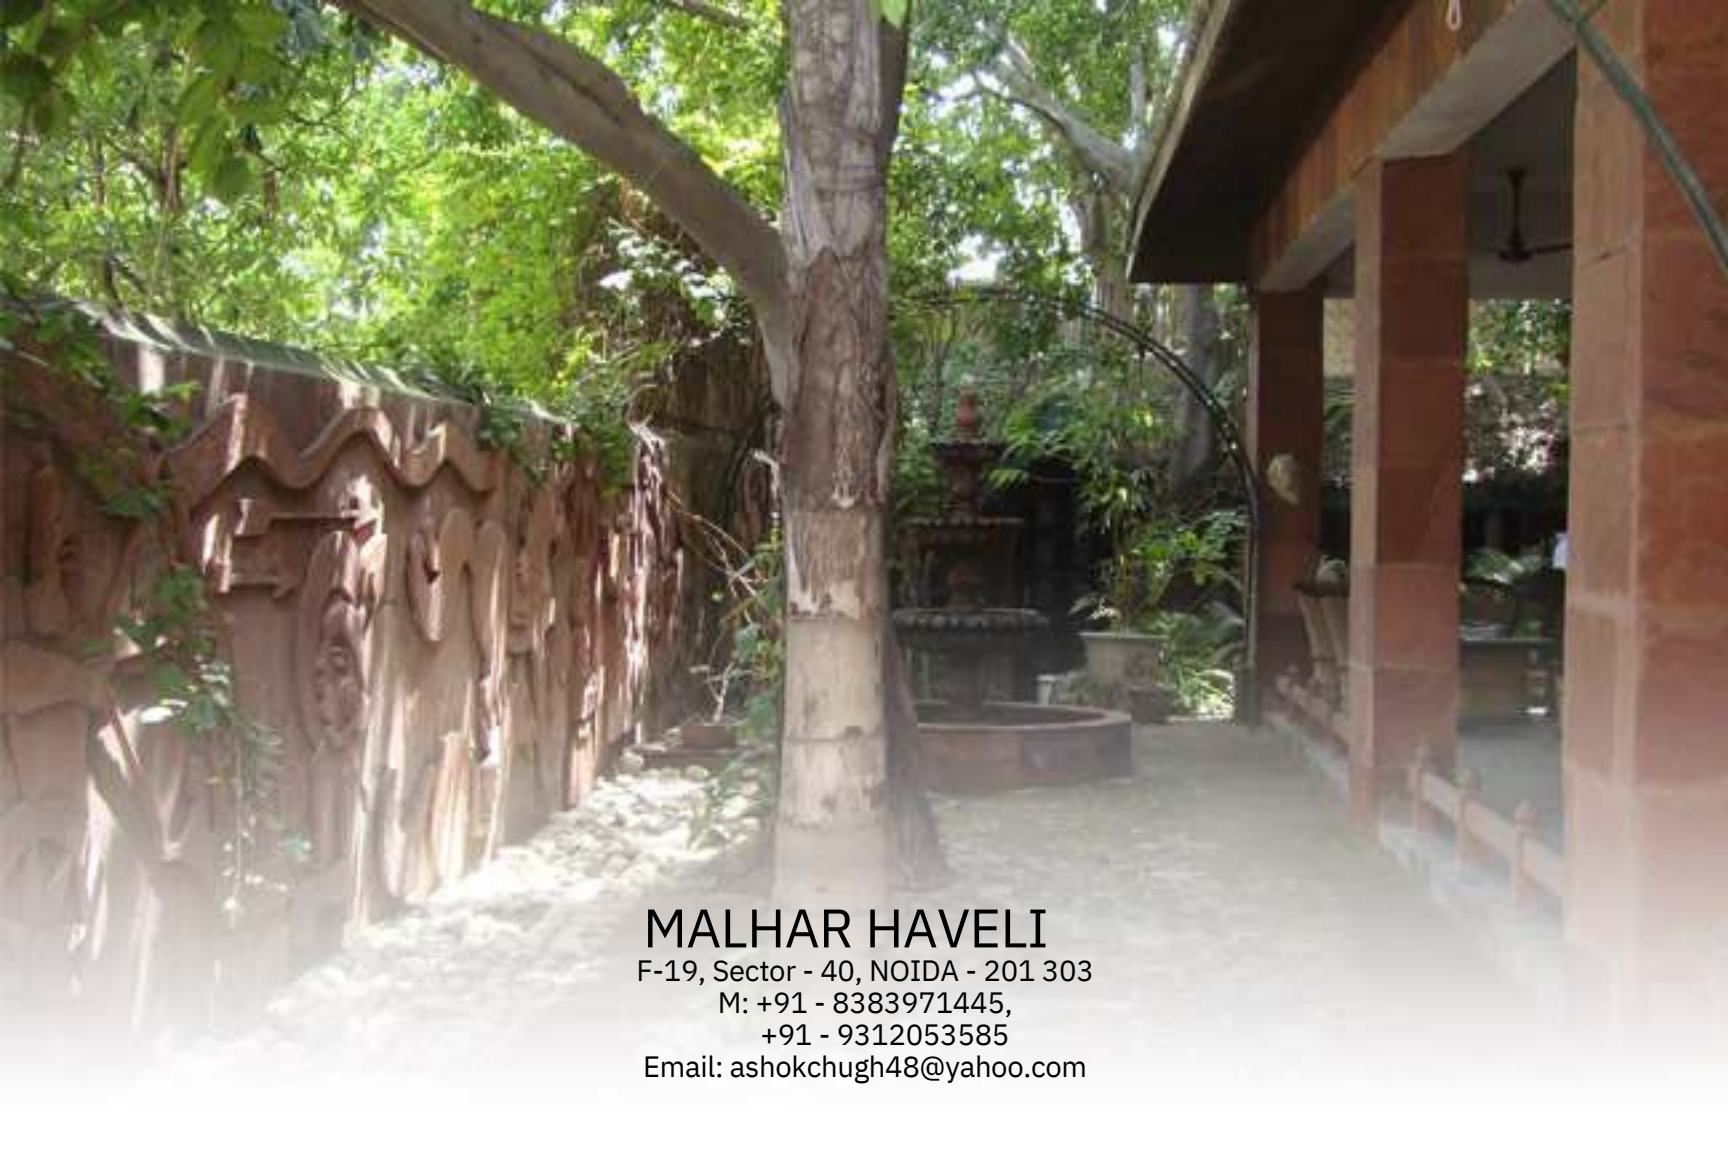

This classic Mansion has a large wrapped around veranda to enjoy the green environment within the compound sitting next to a gurgling red sandstone fountain, a family lounge, a stately drawing room and six air conditioned double bed rooms. The dining area is furnished with an elegant table designed for a formal sit-down for ten people. There is also separate accommodation for the domestic staff.

Malhar Haveli is surrounded by tall matured trees that separate it from the busy urban environs and create an aura of peace around the mansion. Behind its massive iron gate, lies a world of good taste, reflected in all its countless details of architecture, stone carvings, door ways, collection of furniture and objects d' art.
